ORGANIZATIONAL VALUES

We believe that every child can learn when placed in a safe, secure learning environment that is student-centered, collaborative, future-focused, and resource rich.

We believe in a standards based curriculum with measurable goals that is constantly evolving, and instruction designed to meet individual student learning needs that is informed by ongoing assessment.

We believe in active student engagement in the learning process, activities that require problem-solving and critical thinking, as well as those that foster creativity and innovation.

We believe that technology integration and cultural diversity are essential to prepare students for success in the 21st century.

We believe in the strength of community, the power of school and community partnerships, the value of open communication between teachers and parents, and in helping children reach their full potential.
